

UHIR_STDNT_STRM Program/Plan Structure Enhancements

Example – Student 0823252

Summary:

Tentatively beginning 6/9/11 the structure of the UHIR_STDNT_STRM table will include additional programs/plans for a student. Fields for up to **three** programs/plans have been added; previously only one identified primary program and plan was being captured in the table. The program/plans with the lowest active career number will have a “1” included in the labeling. Plan 1A would be the students’ primary plan. The second lowest career number program/plans have a “2”, and the third lowest a “3.” The plans and minors associated with that number go together. If the student has multiple careers, he/she will be listed separately for each career, e.g., if a student is a graduate student and a law student, he/she will have a row for the GRAD career and a row for the LAW career.

The IR Student Data load process will initially populate the additional program/plans data for Fall 2010 – Fall 2011 (terms 1820 – 1850). Running the batch process will result in the new fields being populated for those terms and the old primary program/plan fields to be populated as null for those same terms. Terms prior to 1820 will be rerun adhoc (mostly evenings and weekends) to capture the new program/plans data in the new fields for those older terms.

Users having queries using the old program/plan fields were sent an email notification informing them of queries that would be impacted by the table structure change so they can modify their queries accordingly.

After a grace period of updating impacted queries and rerunning the load process for older terms, the table will have a final update removing the old program/plan fields from the table.

Example:

Below is an example of a how a student’s program/plan information is displayed differently in the old and new table versions. The undergraduate student has three majors and one minor across two different programs.

- Program 1: College of Liberal Arts & Social Sciences (*career number 0*)
 - Major – Anthropology, BS (*plan sequence 10*)
- Program 2: College of Business, Bauer (*career number 1*)
 - Major – Management, BBA (*plan sequence 10*)
 - Major – Supply Chain Management, BBA (*plan sequence 20*)
 - Minor – IAS Middle Eastern Studies (*plan sequence 30*)
